

Short-Term Rental Roundtable

APRIL 20, 2018 | 10:00 a.m. - 12:00 p.m.

As one of the premier tourist locations in California and the United States, Orange County has had many short-term rental properties begin operating in their neighborhoods. When properly regulated, these properties have the potential to bring new revenue streams into the County and support local business, but the need to balance safety and resident concerns are critical. Join us for a discussion of best practices and a model Short-Term Rental Operations Ordinance.
